Hawkins Siding & Exteriors — Keyword & Search Term Report

Account: 2198608170 (PPC) · **Campaign:** TSD_04.29_Leads_Nonbranded_Evergreen (23805382277) **Date range:** 2026-04-29 to 2026-09-13 (full lifetime of the current campaign) **Pulled:** 2026-09-14 · **Scope:** Non-branded siding/exterior keyword research only — every "Hawkins" brand mention has been stripped out of both tables below. Window and door terms are also excluded — that service line was discontinued July 2026 and both ad groups sit archived and paused with zero live targeting.

This account also runs a companion Performance Max campaign — TSD_Pmax_Siding (21291552209) — targeting the same demand. Performance Max has no manual keyword targeting and doesn't expose search-term-level data through the API, so it isn't part of this report — everything below comes from the Search campaign, which is the only place explicit keyword targeting exists in this account.

2. Top Converting Search Terms (actual queries)

Out of **4,676** distinct non-branded search terms that triggered an ad (**331 clicks, $2,908.67 spent, 45.0 conversions** over the period), these are all 43 that produced at least one conversion, ranked by conversions then cost. "Matched Keyword" is the keyword in the account that the term actually triggered off of — a wide gap between the search term and the matched keyword text is a signal the term deserves its own exact-match keyword rather than riding on a broader match.
