Non-Branded Keyword Rank — TopServ Digital Book

Period: June 9 – September 6, 2026 (last 90 days) | Source: Google Ads keyword_view, 15 active accounts | Prepared by Eduardo Larangeiras | v2, corrected

Summary

Total non-branded conversions across the book in this period: **1,287.9**. Total branded conversions (excluded): 297.2.

Correction from v1: the first pass of this report excluded any campaign/ad group whose name contained "branded" — but that string also matches inside "NonBranded," so it was accidentally excluding almost all of the real non-branded campaigns and instead counting legacy/lead-gen campaigns that quietly contain the account's own brand name (e.g. All Seasons AC's ad group literally named "All Seasons AC (BRAND)," and a "Mitsubishi-Brand" campaign that used "Brand" instead of "Branded"). This version fixes the campaign/ad-group detection (distinguishing "Branded" from "NonBranded"/"Unbranded," and catching "Brand" on its own) and additionally excludes each account's own company name and carried-manufacturer-brand terms (e.g. "all seasons," "mitsubishi," "daikin" for All Seasons AC) wherever they appear, regardless of which campaign picked them up. That correction is applied consistently across all 15 accounts, not just All Seasons AC.

Top 20 Non-Branded Keywords by Conversion Volume

#	Keyword	Conversions	Clicks	Cost	Client(s)
1	local hvac repair company	264.0	5,153	$1,475	All Heart, Zen Air
2	hvac contractors near me	250.0	4,771	$1,247	All Heart, All Seasons AC, My Favorite, Proud Pops, Zen Air

20	tree trimming fort worth	11.0	29	$526	Neon Monkey Services

Per-Client Top Non-Branded Keyword

Client	Top keyword	Conv
Zen Air Heating and Cooling	local hvac repair company	264.0
Neon Monkey Services	tree trimming near me	40.5
All Seasons AC	heating and air conditioning mechanics and installers	23.0
Watt's Right Electric	ev electrician	22.3
Proud Pops Plumbing, Air & Electric	ac service san antonio	18.0
Hawkins Siding and Exterior	exterior siding contractors	13.0
All Heart Heating & Cooling	home heating and air conditioning repair	7.0
Golden Plumbing	plumbing repair louisville ky	6.0
Cool Hand Electric	electrical contractor	4.0

Gillespie's Heating and Cooling	hvac company	2.0
Lilypad Septic	porta potty rental	1.0
Live Wire Electric	electrician services	1.0
My Favorite Service Company	hvac service near me	1.0
C&S Air	— none this window —	0.0
Mission Accomplished	— none this window —	0.0

Observations

Zen Air's "local hvac repair company" (264 conv, 5,153 clicks) and "hvac contractors near me" (250 conv, 4,771 clicks) are unusually large relative to everything else in the book — both from the recently built TSD_08.03_Search_NonBranded_Evergreen campaign. The blended cost per conversion here is under $6, far cheaper than any other account's non-branded terms. Given other accounts in this book (All Seasons AC, Proud Pops) have documented histories of conversion actions counting clicks/page-views rather than verified leads, this pair is worth a direct GA4/CRM cross-check before treating it as 514 real leads.

Outside of Zen Air, Neon Monkey Services (tree/stump work) and Watt's Right Electric (EV charger/electrician) show the next-strongest, most plausible non-branded volume, both with clean single-account keyword sets and reasonable CPAs.

Only 13 of 15 active accounts produced non-branded keyword conversions in this window; C&S Air and Mission Accomplished show zero, consistent with paused or rank/budget-constrained non-branded campaigns noted on those accounts.

Note: figures aggregate keyword text across accounts — where multiple clients target the same generic term, conversions are the sum across those accounts. Branded exclusion = campaign/ad-group name containing "brand" (excluding explicit "nonbranded"/"unbranded" labels) OR keyword text matching the account's own company name or carried manufacturer brand (e.g. Mitsubishi/Daikin for All Seasons AC).
